Prominently located on the corner of Padbury and Evans Road in the heart of Walkaway, the store has been considerably modified. The concrete block building has a high parapet wall which hides the gable corrugated iron roofs behind. A brick facade has been added to the front (north) elevation which also features a box awning. The original Post Office section is evident to the west end of the building.

2004/05 Review: The front façade has been rendered and is cream in colour.

STATEMENT OF SIGNIFICANCE

The Walkaway Store has some social significance as a commercial venture which has existed in the town since the 1920's. The use of the place as a Post Office gives the place further significance for its role in communications in the district. The place has little aesthetic value due to unsympathetic alterations, however these could be reversed to reveal the original character of the building.
