evidence of the increasing importance of Moonyoonooka as a regional settlement from the 1890s and the consequent decline of the community since the 1960s.

MANAGEMENT CATEGORY

Management Category:	5
Level of Significance:	HISTORIC SITE: The site has historic significance for its previous use and its role in the historical development of the locality.
Management Recommendation:	Proposed development may need to have regard to possible archaeological evidence remaining on the site. Recognise and interpret the site if feasible. This may be achieved through a variety of methods including, but not limited to, signage, public art, paving treatment and landscaping as well as design treatment of any new development which reflects the former use of the site.
