

RFT 2324 24 Design and Construct Geraldton Airport Microgrid and Operate and Maintain Microgrid and Existing Solar Power Infrastructure

The City of Greater Geraldton invites tenders from suitably qualified and experienced contractors to design and construct a new solar power microgrid and associated works at Geraldton Airport and to operate and maintain the microgrid and existing rooftop solar power infrastructure at various City premises. The tender contains separable portions for the design and construction of the microgrid, operation and maintenance of the microgrid, and operation and maintenance of existing rooftop solar infrastructure.

Contracts for the operation and maintenance portions will be for a period of five years with a five year extension option.

Specifications, criteria and documentation may be obtained electronically from the City's Tenderlink portal <https://portal.tenderlink.com/cgg/> after 8:00am Saturday 16 March 2024.

Further technical details are available by contacting the Senior Procurement Officer, Ray Bailey via the Tenderlink clarification forum or via email Tenders@cgg.wa.gov.au.

Tenders must be submitted to the relevant electronic tender box via the City's Tenderlink electronic Portal, <https://portal.tenderlink.com/cgg/>

The time and date of final tender submission is 12:00PM (WST) Tuesday 14 May 2024.

Canvassing of any City of Greater Geraldton councillors or officers will disqualify submissions.

Ross McKim – Chief Executive Officer
