“Category 1 road” applies where regional roads—

- (a) are constructed or planned to a fully controlled and grade separated freeway standard; or
- (b) are constructed or planned to an access controlled arterial standard, (i.e. functioning as Primary Distributor or Integrator Arterial (District Distributor) road with widely spaced signalised intersections or roundabouts, and a few, if any, direct access points to individual sites or local streets.

“Category 2 road” applies where regional roads—

- (a) are constructed or planned to a partially access controlled arterial standard, (i.e. a primary or district distributor road with direct connections to local streets and driveways to larger sites, but with some restriction of direct frontage access to individual properties); or
- (b) have direct frontage access to abutting properties due to the historic development of the road and properties.

“Category 3 road” applies where regional road reservation is not accurately defined or is under review.
