Located approximately 100 metres to the east of Kennedy Road, all that remains of Machetti Cottage are some stone ruins.

2004/05 Review: The cottage was originally of 2 rooms with a timber framed lean-to added onto the southern end of the building. Whilst the stone walls remain in good condition, the roof has gone along with the verandah on the west side. There are mature trees on the north, west and south sides of the ruin.
