3<sup>rd</sup> January 2017

Mayor Shane Van Styn  
City of Greater Geraldton  
PO Box 101  
Geraldton WA 6531

Dear Mr Van Styn,

Please find enclosed with this letter a petition with 482 signatures requesting the City of Greater Geraldton to reinstate funding for the disposal of medical sharps containers.

By removing this funding, consumers have to bare this cost, which for a standard S2 sharps container provided by most pharmacies is approximately \$12.20.

Many local residents who are on a pension are already struggling with the increase cost of living and annual increases to the patient co-payment and safety net. Many patients must now decide whether or not to spend that money on a sharps container or spend it on their prescription medication (\$12.20 is equivalent to two pension prescriptions).

As a health professional it is my fear that this will ultimately result in medical sharps being disposed of inappropriately resulting in sharps ending up in local land fill and posing a risk to public health.

Myself, along with all petitioners, kindly request that funding for the disposal of medical sharps be reinstated for sake of the whole community.

Yours sincerely

Paul Buise  
Pharmacist  
Small business owner

I, Paul Buise of 162A Fitzgerald Street Geraldton, in the State of Western Australia, am the promoter of this petition which contains 482 signatures.

**PETITION IN RELATION TO THE REINSTATEMENT OF FUNDING FOR THE DISPOSAL OF MEDICAL SHARPS CONTAINERS BY THE CITY OF GREATER GERALDTON**

To the Mayor and Members of the City of Greater Geraldton.

We the undersigned residents of Geraldton, Western Australia are in support of reinstating funding by the City of Greater Geraldton for the collection and safe disposal of medical sharps containers.

Your petitioners therefore respectfully request the Council to recommence the payment of costs involved for residents of Geraldton to collect and dispose of all medical sharps waste via the existing community pharmacy network.
