COLLIVER, Natasha is eligible to stand for election as a resident of the City of Greater Geraldton.

I have served on Council for nine years, including the last two as Deputy Mayor. I am proud of my work on a Council that has championed open decision making, genuine community consultation, and responsible budgets that have kept rate rises low.

My priorities for my next term are:

- **Greening Our City:** Expanding our tree canopy to create a more liveable environment.
- **Kerbside Recycling:** Advocating for cost-effective recycling to reduce landfill and support sustainability.
- **Population Growth:** Ensuring our infrastructure, services, and recreation facilities keep pace with demand, while preserving Geraldton's unique character.
- **Tourism:** Promoting Geraldton as a destination of choice-leveraging our coastline, hinterlands, and events to boost visitation.
- **CBD Activation:** Breathing new life into the CBD through smart planning and placemaking.
- **Economic Diversity:** Support for emerging industries that are guided by farming-first principles.

I will represent you by listening, learning, and leading.
