We want to make your visit to Geraldton a pleasurable one so we hope these parking tips will help you find the right place to park your vehicle whether it's for a short stay or all day.

The City aims to make parking in the CBD easier and simpler. To create a better flow of traffic and free up car spaces on streets in high demand areas, parking limits are clearly marked.

Other signs will display time limits of 1P (one hour) or 2P (two hours). These are free but be sure to check the sign before you leave your vehicle.

- Loading zones are for commercial and delivery vehicles only while actively loading and unloading goods.
- Parking is free in a parking station and double the time applies for on-street parking for ACROD permit holders when an unexpired permit is clearly displayed.
- Geraldton is an official RV friendly city! If you have a caravan, campervan or trailer, parking bays along Foreshore Drive or at the east end of Parking Station 5 can be used. To learn more about free RV overnight parking head to the City's website.
