

To whom it may concern

- 1 Jack spratt's craft brewery applying for small bar lic 120 people trading 7days a week 11 am till 11pm
- 2 We will store our malting barley in a separate room and use a grain vac machine to deliver to the brewing area to eliminate any dust
- 3 Any odours coming from the brewing of beer, ingredients like barley and hops is in peoples opinion quite pleasant
- 4 we will employ 7 permanent staff and have 20 casuals on the roster
- 5 2 to 3 wheelie bins will be sufficient for our rubbish we have a private company taking our waste from brewing for stock feed
- 6 we will accept deliveries between 8 am and 10.30 a.m. not in operating hrs
- 7 unloading area will be in the drive thru area in our car park
- 8 signage will be one neon sign on existing pole one metre square and two that are on the canter leaver out the front of existing building 1,200x 600
- 9 noise level in main bar will be minimal as we will encourage a quiet ambience, the out door area where most of our patrons will be, is enclosed with natural lime stone walls which absorb noise and will be covered with shade sails which will also help ..serena this is a over view of our proposal if you require more information please contact me kind regards john mitchell
