Attachment 3

We the undersigned condemn the recent actions of the Geraldton-Greenough Historical Society. In particular we condemn the unnecessary recent closure of the Greenough Pioneer Museum and the GGHS threat to move, lease or sell the Greenough Pioneer Museum collection. The collection should remain in its current building, should belong to the community, never sold, and be managed by an appropriate competent incorporated body. We call upon the City of Greater Geraldton to take steps to ensure this happens as a matter of urgency.
