CITY OF GREATER GERALDTON
ORDINARY MEETING OF COUNCIL
HELD ON TUESDAY, 20 DECEMBER 2016 AT 5.00PM
CHAMBERS, CATHEDRAL AVENUE

MINUTES

DISCLAIMER:

The Chairman advises that the purpose of this Council Meeting is to discuss and, where possible, make resolutions about items appearing on the agenda. Whilst Council has the power to resolve such items and may in fact, appear to have done so at the meeting, no person should rely on or act on the basis of such decision or on any advice or information provided by a Member or Officer, or on the content of any discussion occurring, during the course of the meeting. Persons should be aware that the provisions of the Local Government Act 1995 (Section 5.25(e)) and Council's Meeting Procedures Local Laws establish procedures for revocation or rescission of a Council decision. No person should rely on the decisions made by Council until formal advice of the Council decision is received by that person. The City of Greater Geraldton expressly disclaims liability for any loss or damage suffered by any person as a result of relying on or acting on the basis of any resolution of Council, or any advice or information provided by a Member or Officer, or the content of any discussion occurring, during the course of the Council meeting.

1 DECLARATION OF OPENING

The Presiding Member declared the meeting open at 5pm.

	A. Laneway Plans
	B. Indicative Easement area plan

EXECUTIVE SUMMARY:

A request has been received seeking rates concessions under the City Centre Revitalisation Program and offering an “easement in gross” for public laneway access through the former Lotteries House site on Lot 123 (No.178-182) Marine Terrace.

EXECUTIVE RECOMMENDATION:

That Council by Absolute Majority pursuant to Section 6.47 of the Local Government Act 1995 RESOLVES to:

Part A

1. APPROVE the waiver of City of Greater Geraldton planning and building fees and charges for refurbishment of the former Lotteries House located at Lot 123 (No. 178-182) Marine Terrace, Geraldton; and
2. APPROVE a waiver of rates for the refurbishment of the former Lotteries House located at Lot 123 (No. 178-182) Marine Terrace, Geraldton for a period of three years;

Part B

1. SUBJECT to the applicant satisfactorily completing an easement in gross in favour of the City (with the easement in place), the City agrees to contribute up to \$100,000 for the upgrade of the laneway area only on Lot 123, Marine Terrace, Geraldton to City specifications and standards for pedestrian and vehicular access between Marine Terrace and Foreshore Drive;
2. ADVISE the property owner of Lot 123 Marine Terrace, Geraldton that they need to resolve the land tenure issue with Western Power for the power transformer (assumed to have been gifted to Western Power) at no cost to the City;
3. PROVIDES a drainage easement through the site in favour of the City for the existing drainage pipe;
4. SUBMIT the costed laneway upgrade project to Council for consideration as part of the Mid Year Budget Review process; and
5. ADVISE the applicant that gating the laneway at night is not supported.

PROPONENT:

The proponent is Foreshore Holdings Pty Ltd ATF CBD Property Trust (CBD).

BACKGROUND:**Project Concessions**

The former Lotteries House buildings are being refurbished to offer residential and retail spaces in the unoccupied building that was previously home to a number of community based organisations.

The property owner has enquired as to concessions for planning and building fees and charges, and rates, under the Council's City Centre Revitalisation policy. This project appears to fit within that policy – and Council may be prepared to consider approval of concessions similar to the Town Towers project concessions i.e. waiving planning and building fees and charges for the project, and waiving general rates for a period, however other concessions are also being sought in relation to the laneway.

For Town Towers, Council approved 100% waiving of general rates for 3 years and 50% waiving for an additional 2 years. The former Lotteries House refurbishment is of significantly less scale, would suggest that waiving general rates for no more than 3 years might be an appropriate model to pursue or a laneway upgrade option.

Land Issues - Easements

The new owners of the former Lotteries House site at No. 178-182 (Lot 123)) Marine Terrace have offered the City the potential to formalise an improved pedestrian link between Foreshore Drive and Marine Terrace through their site (the link would also be used by vehicles accessing the on-site car parking (refer to attached maps see Attachment No. DCS312)). The City has previously considered purchasing this site to safeguard this access between the two streets.

The owners know that the City had identified the need for an access way as a key link for pedestrians between Foreshore Drive and Marine Terrace. Hence, the owners are prepared to encumber their title with an *easement in gross* in favour of the City to allow public access through the site. In return the owners are asking that the City upgrade the access link to a more pedestrian friendly standard. No details are yet available as to what this actually means (concrete, asphalt, pavers, drainage, levels etc.). A detailed scope of work statement and a signed agreement with the land owner would be prudent. The 'easement in gross' solution offered means the City would not have to acquire the land/building to achieve its objectives via direct purchase from the Lotteries Commission as previously sort.

The City has identified the importance of this pedestrian link in a number of ways including Foreshore Redevelopment project plans, the City Centre Planning Policy (adopted by Council) and more recently the consultants working on the City Centre revitalisation component of the growth plan are also

advocating for better and more connections between Foreshore Drive and Marine Terrace.

Previous streetscape works in Foreshore Drive and Marine Terrace have provided pedestrian crossing links at this location in both Marine Terrace and Foreshore Drive.

It has been estimated (not at a detailed level) that the laneway improvements costs could be up to \$150,000.

The drainage easement component already exists but may need to be reregistered given the changes proposed.

Originally the Executive recommended declining the waiving of any rates concessions given the level of expenditure proposed for the laneway upgrade. This was conveyed to the applicants who subsequently lodged a counter proposal to the City at a similar cost (the reason why the report was withdrawn from the last Council Agenda round in November).

The proposal now submitted by CBD is as follows:

“(1) Laneway

CBD proposes to CGG that that it undertakes the re-development of the laneway in its own right and obtains a grant from CGG of in the region of \$100,000 towards the cost of doing such work.

The works undertaken by CBD will obviously need to be acceptable to CGG such that it is suitable for both the tenants occupying the building as well as the general public to whom access will be granted by virtue of an easement issued to CGG. A full costing will be prepared once the proposal is deemed acceptable but prior to any works being undertaken.

As part of the works one of CBD proposals is that an entry system is put in place such that the laneway can be closed at nights – probably between the hours of 7pm to 7am so that the tenants occupying the private residences (9 in total) in the complex can have peace and quiet during that time plus the benefit of added security from certain undesirables that tend to frequent such public places in Geraldton during that time.

This ability to close off the laneway will also increase the amenity of the area as events can be held in the space without extra fencing being needed for crowd control.

CBD will undertake (at its cost) a feasibility with the major tenant (9 residences) about the installation of sliding gates at both ends of the laneway to facilitate this.

(2) Rates Relief

By virtue of CGG advising that according to their calculations the total cost of re-developing the laneway would be in the region of \$150,000 CBD proposes

that CBD be granted a period of rate relief valued at the difference between the total cost of the grant towards the laneway works and the \$150,000 the City estimated the works on the laneway would cost had it been carried out by CGG.

This arrangement will result in no increase in cost to CGG but with an outcome that keeps within the original informal agreement between CGG and CBD.

That being the case; that CBD receive the normal incentives being offered within the Central Business District revitalisation strategy whilst also granting an easement in gross to CGG for the Laneway such that the connection between the Foreshore Drive and Marine Terrace is maintained on an ongoing basis. This easement to be granted in exchange for CGG assisting in any future upgrades to the laneway as required.”

Given the above proposal there are three aspects that need to be considered:

1. Reconstruction of the laneway will need to meet the City’s standards and specifications, payment would need to be made after the City receives the easement right over the laneway and possibly staged over the construction period;
2. The closing of the laneway at night as requested has not been the subject of discussion previously. The applicants see closing of the laneway would improve security for the premises and its tenants. For the City the laneway should be open at all times as there could be events etc. after hours in that area that would benefit from the laneway being open. Therefore, the gating of the laneway after hours is not supported; and
3. Rates concessions would equate to \$40,413 as per the table below.

The new option put forward does have merit and could be supported by the City subject to conditions ensuring that the City’s interests are safeguarded. It is noted that if the City does not support the proposal, the owner is within their legal rights to gate the laneway at all times subject to allowing the City access to the current drainage easement.

ECONOMIC, SOCIAL, ENVIRONMENTAL & CULTURAL ISSUES:

Economic:

Revitalisation of the City Centre is a key outcome identified in the draft Growing Greater Geraldton Growth Plan.

Social:

There are benefits to the creation of better linkages in the City Centre that create vibrant spaces that can be activated for events and accessibility.

Environmental:

There are no environmental impacts.

Cultural & Heritage:

This section of Marine Terrace is becoming a creative hub and the laneway has already been utilised for events such as markets and entertainment space. It links heritage buildings in Marine Terrace with the foreshore.

RELEVANT PRECEDENTS:

Council at its meeting of 26 August 2014 resolved to grant conditional approval for rates concessions for Lot 33 (No. 25-29) Cathedral Avenue, Town Towers, Geraldton.

Council at its meeting of 28 October 2014 resolved to grant conditional approval for rates concessions for Lot 565 (No. 30-32) Chapman Road, Geraldton.

COMMUNITY/COUNCILLOR CONSULTATION:

Consultation has occurred with the land owner, Director Infrastructure Services, Manager Urban & Regional Development.

LEGISLATIVE/POLICY IMPLICATIONS:

Refer to Section 6.47 of the Local Government Act 1995.

FINANCIAL AND RESOURCE IMPLICATIONS:**Concessions**

Interim GRV for the property per Landgate, following its sale to the current owners in May 2016 is \$52,000. For the 2016-17 financial year, applying the current Non-Residential Rate-in-Dollar of \$0.109956 annual rates are \$5,717.71.

Based on the development application information and floor plans, Landgate has provided an indicative GRV for the property, at \$149,812.

Assuming completion by July 2017, and 3.5% increase per year in RiD (to \$0.1138045 for 17/18, \$0.1177876 for 18/19 and \$0.12191 for 19/20), value of the proposed Concession from waiving rates for three years would be as follows:

Year	GRV	Rates	Value of Concession
2016-17	\$52,000	Nil	\$5,718
2017-18	\$149,812	Nil	\$17,049
2018-19	\$149,812	Nil	\$17,646
2019-20	\$149,812	\$18,264	Nil
			Total: \$40,413

With the building left in previous state *without* refurbishment, and GRV expected to have decreased due to declining state of the building, likely Rates collection from this property in the three-year period would be less than Rates expected to become payable in 2019-20.

Land Issues – Easements & Laneway Development

The costs of the process for execution of an easement in gross, and costs of design and construction of any laneway/easement upgrade would need to be borne by the City.

The laneway upgrade costs have been prepared and are estimated at \$150,000 including a small contingency). Please note that it does not allow for:

- Additional drainage from the building (to be completed by others).
- Assumes the City can leave the street light switchboard where it is (need to install a meter).
- No allowance for additional lighting in the laneway.
- relocation of Telstra, western power, gas etc.
- Any amendments or entrances into adjoining buildings to match levels.

INTEGRATED PLANNING LINKS:

Title: Economy	A dynamic, diverse and sustainable economy
Strategy 4.1.3	Revitalising the CBD through economic, social and cultural vibrancy
Title: Governance	Inclusive civic and community engagement and leadership
Strategy 5.2.1	Responding to community aspirations by providing creative yet effective planning and zoning for future development
Strategy 5.2.6	Supporting decisions to create a long term sustainable City
Strategy 5.2.7	Ensuring efficient and effective delivery of service

REGIONAL OUTCOMES:

A revitalised City Centre has got the potential to be an economic stimulant to the region, offering improved business, tourism and lifestyle opportunities.

RISK MANAGEMENT:

With the City gaining control of the access way via an easement in gross it can manage the maintenance of the laneway without reliance on a third party. Insurance of the area will need to be worked through with the City's insurers.

ALTERNATIVE OPTIONS CONSIDERED BY CITY OFFICERS:

The following options were considered by City Officer:

The City could reject the request and monitor the access situation should the owner consider gating the laneway.

The City could determine that it will not support public access over the laneway and leave it for others to champion the City's revitalisation initiatives and City Centre Planning policy.

The City could provide a fixed contribution to the developer to renew the laneway in exchange for the laneway easement and transformer easement.

Cr N Colliver declared a proximity interest in Item DCS312 Proposed Laneway Lot 123 (No. 178-182) Marine Terrace, Geraldton, as she is a Board Member of Pollinators which will benefit from a positive decision, but remained in Chambers.

	A. Licence plan of site location

EXECUTIVE SUMMARY:

The purpose of this report is to seek Council approval to endorse the location and the issue of a licence with the Public Transport Authority (PTA) to occupy part railway reserve Bradford Street, Utakarra for the site development of the City's Animal Management Facility (AMF).

EXECUTIVE RECOMMENDATION:

That Council by Simple Majority pursuant to Section 3.58 of the Local Government Act 1995 RESOLVES to:

1. ENDORSE the location of part railway reserve Bradford Street, Utakarra as the preferred location of the proposed Animal Management Facility subject to long term tenure being secured over the proposed site for the life of the animal management facility from PTA;
2. ENTER into a LICENCE with the Public Transport Authority for an area of 7219m² over portion of railway reserve, Bradford Street, Utakarra;
3. SET the proposed conditions as:
 - a. That the term is for an initial period of 10 years commencing 1 December 2016;
 - b. That the PTA and the City of Greater Geraldton acknowledge that the PTA is in the process of rationalising the railway reserve land with the intent that this land be transferred to the City of Greater Geraldton when practicable;
 - c. The licence fee is \$1.00 per annum;
 - d. The licensee to pay preparation fees of \$350.00; and
4. APPROVE the co-location of the Geraldton Dog Rescue within the licence area, subject to the formalisation of a separate licence or lease.

PROPONENT:

The proponent is the City of Greater Geraldton.

BACKGROUND:

The proposed AMF is a budgeted new works project for delivery this year.

City Executive have considered a number of options for the new Animal Management Facility location and following all due diligence on all sites the use of part of the railway reserve corridor adjacent Bradford Street and Flores Road adjacent the PTA leased properties is now the preferred site of the Executive Management Team (EMT).

Other sites considered were as follows:

- Flores Road – ex landfill site, however presents too many issues with building over contamination and obtaining approvals and clearance and becomes cost prohibitive;
- Meru – adjacent recycling facility; discounted due to location service distances (both supply and operational) also dependent on Meru future development suitability/ best use of land;
- Davies Road – (ex Shire of Greenough pound), used as an overflow or isolation facility from current Pass Street facility. Discounted due to current leasing tenure with SES and restricted area remaining on site.
- Airport (adjacent to current depot), not seen a compatible use with other activities at the airport plus operational service issues.

The location within the former railway reserve corridor adjacent to Bradford Street and Flores Road is shown on Attachment No. DCS313.

The City has received formal written approval from the PTA to occupy the railway corridor and have given consent to issue a licence over the land for a period of 10 years at peppercorn rental. PTA have indicated that a clause will be inserted in the licence that will indicate that both PTA & the City of Greater Geraldton acknowledge that the PTA is in the process of rationalising the land with the intent that this land be transferred to the City of Greater Geraldton when practicable.

The developed site will allow within the overall design the impoundment of all dogs, cats and livestock within a compound. The AMF will also accommodate a quarantine area and office. This site has appeal in that it is central for ranger operations, internet communications, CCTV and for the community.

City staff have held discussions with the Geraldton Dog Rescue (GDR) who initially approached the City seeking use of any available land that the City may have to enable them to establish their dog rescue operations. An offer to that group of establishing themselves adjacent to the AMF has been warmly accepted and as such will commence operations utilising the current Pass Street pound facility following that being relocated, at their cost, to site and appropriately upgraded to made good for their activities.

Planning and architectural concept design is well advanced and statutory servicing arrangements are in discussion phase with relevant bodies.

ECONOMIC, SOCIAL, ENVIRONMENTAL & CULTURAL ISSUES:**Economic:**

There are no economic impacts relating to this proposal.

Social:

There are no social impacts relating to this proposal.

Environmental:

There are no known environmental issues with this proposal for use of the former rail corridor.

Cultural & Heritage:

The portion of corridor from Place Road (South) through to this subject site does have heritage interpretation value especially around the former Wonthella rail site and the recognised heritage trees.

The development and design of the AMF will take into consideration the heritage interpretation requirements and will also offer an opportunity to remedy some of the long term drainage issues in this area and may be accommodated in accordance with a landscape/interpretation plan for the area. Further,

The overall site design will accommodate and allow for the future heritage path and interpretative elements that will eventually be developed in this location.

RELEVANT PRECEDENTS:

The City has in existence land leasing and licence arrangements with the Crown and PTA.

COMMUNITY/COUNCILLOR CONSULTATION:

Formal approval from PTA for use of the subject corridor and location has been received. The Geraldton Dog Rescue have also been included in early planning for their considered inclusion.

LEGISLATIVE/POLICY IMPLICATIONS:

Section 3.58 of the Local Government Act 1995.

FINANCIAL AND RESOURCE IMPLICATIONS:

The license fee payable to PTA by the City is \$1.00 per annum. In addition, the City is responsible for the payment of \$350.00 licence preparation fee.

INTEGRATED PLANNING LINKS:

Title: Environment	A sustainable built form and natural environment
Strategy 2.3.2	Delivering projects utilising best practice to ensure timely, cost effective and quality outcomes.
Title: Governance	Inclusive civic and community engagement and leadership
Strategy 5.2.1	Responding to community aspirations by providing creative yet effective planning and zoning for future development
Strategy 5.2.6	Supporting decisions to create a long term

	sustainable City
Strategy 5.2.7	Ensuring efficient and effective delivery of service

REGIONAL OUTCOMES:

There are no potential impacts, either positive or negative to regional outcomes.

RISK MANAGEMENT:

There is risk associated with delay in the commencement of the AMF if the recommendation is not supported by Council as the current Pass Street site is subject to purchase and settlement early January 2017. Pound operations will continue in the interim at the Davies Street facility.

ALTERNATIVE OPTIONS CONSIDERED BY CITY OFFICERS:

It is considered that there are no alternative options for the site location of the AMF due to land availability and it is considered that due diligence of sites has been completed and the recommended site is the best option.

Cr S Douglas declared an impartiality interest in Item DCS313 Proposed Animal Management Facility – Issue of PTA Licence – Portion of Railway Reserve, Bradford Street Utakarra as wife is a volunteer for Geraldton Dog Rescue.

5. *REFER the matter back to Council for final consideration if any objecting submissions are received.*

Advertising of the proposed disposition occurred on the City website from 29 November 2016. A public notice also appeared in the Geraldton Guardian on the 28 November 2016 and 6 December 2016 with submissions closing on the 13 December 2016 at 4.00pm.

At the closure of submissions, two submissions were received, one objecting and one supporting the proposal and form part of the Schedule of Submissions. See Confidential Attachment No. DCS314A.

ECONOMIC, SOCIAL, ENVIRONMENTAL & CULTURAL ISSUES:**Economic:**

This proposal has the potential to offer a viable business opportunity for a local business looking for an opportunity to operate in a prime Geraldton location. Small businesses, such as this one may enhance tourism and add to the economic vibrancy and vitality of our community in this area.

Social:

A small business, providing the water based activities could enhance social quality of life by providing active recreation for people, particularly tourists.

Environmental:

This proposal may have environmental impacts upon the beach foreshore area being utilised as the continual vehicle movement will disturb the beach area.

Cultural & Heritage:

There is no cultural, heritage or indigenous impacts relating to this proposal.

RELEVANT PRECEDENTS:

The City provides licences for activities on Crown Reserves for a variety of purposes that are consistent with the uses under Local Planning Policy – Commercial Recreational Tourism Activity on Crown Land and the Management Order.

COMMUNITY/COUNCILLOR CONSULTATION:

Advertising of the proposed disposition occurred on the City website from 29 November 2016. A public notice also appeared in the Geraldton Guardian on the 28 November 2016 and 6 December 2016 with submissions closing on the 13 December 2016 at 4.00pm.

At the closure of submissions, two submissions were received, one objecting and one supporting the proposal and form part of the Schedule of Submissions – Attachment No. DCS314B.

LEGISLATIVE/POLICY IMPLICATIONS:

Section 18 of the Land Administration Act 1997 – **Crown land transactions that need Ministerial approval**

Section 18:

- (1) *A person must not without authorisation under subsection (7) assign, sell, transfer or otherwise deal with interests in Crown land or create or grant an interest in Crown Land.*

The application for the proposed licence addresses the criteria and the objectives of Policy CPO39 – Foreshore Use & Development Policy and Local Planning Policy – Commercial Recreational Tourism Activity on Crown Land.

FINANCIAL AND RESOURCE IMPLICATIONS:

A commencement licence fee of \$500 per annum inclusive of GST plus all other costs associated with the preparation and issue of the licence agreement.

This fee is in line with the and Local Planning Policy – Commercial Recreational Tourism Activity on Crown Land fee.

INTEGRATED PLANNING LINKS:

Title: Environment	A sustainable built form and natural environment
Strategy 2.1.2	Sustainably maintaining public open spaces and recreational areas
Title: Social	A strong healthy community which is equitable, connected and cohesive
Strategy: 3.5.3	Promoting healthy lifestyle initiatives and living

	standards
Title: Economy	A dynamic, diverse and sustainable economy
Strategy 4.3.2	Encouraging the development of a variety of industries that will offer diverse employment opportunities
Strategy 4.3.4	Supporting economic development initiatives and promotion of the region
Title: Governance	Inclusive civic and community engagement and leadership
Strategy 5.2.1	Responding to community aspirations by providing creative yet effective planning and zoning for future development
Strategy 5.2.6	Supporting decisions to create a long term sustainable City
Strategy 5.2.7	Ensuring efficient and effective delivery of service

REGIONAL OUTCOMES:

There are no potential impacts, either positive or negative to regional outcomes.

RISK MANAGEMENT

There are no consequent risks inherent in approving – or not approving – the recommendation.

ALTERNATIVE OPTIONS CONSIDERED BY CITY OFFICERS

The following options were considered by City Officers:

The option for consideration by Council is to not approve the licence and decline the proposal as submitted. This is not supported as the proposal has the potential to increase activation in this section of the foreshore and offer a product different to that already available in the area.

Alternatively, Council may select an alternative location for the activity. The proposal in addition meets the requirements and the objectives of Policy CPO39 – Foreshore Use & Development Policy and complies with Local Planning Policy – Commercial Recreational Tourism Activity on Crown Land.

COUNCIL DECISION**MOVED MAYOR, SECONDED CR GRAHAM**

That Council by Simple Majority pursuant to Section 18 of the Land Administration Act 1997 RESOLVES to:

1. **APPROVE** a licence for commercial water sport activities that will utilise portion of Crown Reserve 50100 to Ultimate Watersports Pty Ltd;
