Community Impact (weighted at 40%)

1. Low community impact. Benefits a very small cross section of the community.
2. Moderate community impact. Benefits a sector of the community.
3. High community impact. Benefits a high proportion of the community.
4. Very high community impact. Significantly supports the needs of the Greater Geraldton community.
5. Demonstrates an ongoing legacy to the Greater Geraldton community.

Level of Support from Other Resources (weighted at 40%)

Does the application have support from other sources (i.e. grants, sponsors, partnerships, significant in kind contributions, letters of support)?
For the purpose of quantifying, suggest approximately half means 40 – 60%

1. Application has low financial contribution and low external support.
2. Application has modest support; however it requires the majority of the project (more than 60%) to be supported by the grant.
3. Application has modest support and seeks approximately half of the project to be support by the grant.
4. Application has strong external support and seeks approximately half of the project to be supported by the grant.
5. Application has strong external support and funds, and seeks less than 40% of the project to be supported by the grant.

Alignment with the Strategic Community Plan (weighted at 20%)

1. Very limited alignment.
2. Low alignment. Marginally supports our Strategic Community Plan.
3. Aligns well with one or more strategies. Modestly supports our Strategic Community Plan.
4. Aligns very well with one or more strategies. Directly supports our Strategic Community Plan with at least one strategy.
5. Aligns very well with two or more strategies. Directly supports our Strategic Community Plan with at least two strategies.
