Subject: Lease Extension - Lot 101, Arthur Road, Deepdale

Dear Ms. Laura Mcloud,

Best wishes on the start of the week. This is Chris Lee representing Tesla Holdings Pty Ltd (see attached letter of authorization). One of our power plants is resting on land leased from the City of Greater Geraldton. The address of the plot is: Lot 101, Arthur Road, Deepdale.

Our 10 year lease which starts from 1st Feb 2012 is set to expire in 2022 and we do not have an explicit renewal option stated in the agreement. We would like to start the process to discuss extending the lease beyond 2022 (minimally for another 10 years after the end of the lease) as we expect to continue usage of the land minimally till the end cycle of the plant.

We would kindly like to request for your help with this process and look forward to your reply.

Best Regards,
Chris Lee Chee Won
