### OBJECTIVES

The City of Greater Geraldton (the City) from time to time receives requests for placement of commemorative plaques in public locations in the Greater Geraldton Region.

This policy deals with the format, installation, maintenance and approval of commemorative plaques on all encompassing structures in the Greater Geraldton region, aside from those in the grounds of HMAS Sydney II Memorial Site on Mount Scott.

Plaques will commemorate the significant contribution of members of the public to the cultural, social, industrial, political or economic development of the Greater Geraldton region.

### POLICY STATEMENT

This policy provides guidance on the eligibility and style of commemorative plaques as well as the process and responsibilities of the City and the Applicant.

### POLICY DETAILS

#### 1. Encompassing Structures (Memorial Seating and Other Structures)

##### 1.1. Guidelines

Groups, families or individuals may nominate a deceased person or a group who has made a highly significant contribution to the cultural, political, economic, industrial or social development of the City of Greater Geraldton or the Greater Geraldton region during their lifetime. Nominations may also be considered on compassionate grounds.

Unless otherwise agreed, the applicant must meet all costs associated with design, manufacture and installation of the plaque. The City will provide a written quote for design, manufacture and installation at the time of a request.

Plaques will be placed on seating within gardens and parks or fixed objects/structures in the Greater Geraldton region. Applicants are invited to nominate a preferred site (general location) for the placement of the plaque. However, this will depend on available seating as well as taking into account any existing plaques, current and future landscaping plans and other features.

The City will consider the option of the applicant purchasing a seat for a specific location. This will be undertaken and approved on an individual basis.

Plaques do have a finite life and, while every reasonable effort will be made to extend the life of the plaque, the City cannot guarantee that a plaque will remain at the designated site indefinitely. The plaque shall be located and maintained at the designated site for a period of not less than 10 years from the time of installation, with the exception of the site being redeveloped or the use of the site changing significantly in character. Prior to any change to the location every reasonable attempt will be made to contact the Applicant to discuss the relocation. Should the plaque be lost or vandalised, repair and replacement costs remain the
