# AUDIT COMMITTEE CHARTER

# Audit Committee Charter

## 1. Objectives of Audit Committees

- 1.1. The primary objective of the audit committee is to accept responsibility for the annual external audit and liaise with the local government's auditor so that Council can be satisfied with the performance of the local government in managing its financial affairs.
- 1.2. Reports from the committee will assist Council in discharging its legislative responsibilities of controlling the local government's affairs, determining the local government's policies and overseeing the allocation of the local government's finances and resources. The committee will ensure openness in the local government's financial reporting and will liaise with the CEO to ensure the effective and efficient management of the local government's financial accounting systems and compliance with legislation.
- 1.3. The committee is to facilitate –
  - the enhancement of the credibility and objectivity of internal and external financial reporting;
  - effective management of financial and other risks and the protection of Council assets;
  - compliance with laws and regulations as well as use of best practice guidelines relative to audit, risk management, internal control and legislative compliance;
  - the coordination of the internal audit function with the external audit; and
  - the provision of an effective means of communication between the external auditor, internal auditor, the CEO and the Council.
- 1.4. The committee at the time of the mid-year budget review will review the financial performance of the Council and identify any variance due to the failure of lack of internal controls.

## 2. Powers of the Audit Committee

- 2.1 The Audit committee is to report to Council and provide appropriate advice and recommendations on matters relevant to its term of reference. This is in order to facilitate informed decision-making by Council in relation to the legislative functions and duties of the local government that have not been delegated to the CEO.
- 2.2 The committee is a formally appointed committee of council and is responsible to that body. The committee does not have executive powers or authority to implement actions in areas over which the CEO has legislative responsibility and does not have any delegated financial responsibility. The committee does not have any management functions and cannot involve itself in management processes or procedures.

## 3 Membership

- 3.1 The committee will consist of four elected members and a proxy elected member. All members shall have full voting rights.
- 3.2 The CEO and employees are not members of the committee.
- 3.3 The CEO or his/her nominee is to be available to attend meetings to provide advice and guidance to the committee.
- 3.4 The local government shall provide secretarial and administrative support to the committee.
- 3.5 The Chairperson shall be recommended by the Audit Committee and appointed by Council.

#### 4. Meetings

- 4.1. The committee shall meet up to four times annually.
- 4.2. Additional meetings shall be convened at the discretion of the presiding person.

#### 5. Reporting

## 7. Internal Audit

- 7.1. Many local governments have recognised the need to improve their internal auditing processes, and have moved to either employ an internal auditor or contract out the internal audit function.
- 7.2. Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes.
- 7.3. The scope of an internal audit would be determined by the Audit committee, with input from the CEO, based on the size of the local government's internal operations and the level of compliance to be achieved. The role differs from that of the external auditor who is appointed by council on the recommendation of the Audit Committee, to report independently to it, through the mayor/president and the CEO, on the annual financial statements. The external auditor's primary role is to decide whether the annual financial statements of a local government are free of material misstatement.
- 7.4. There are certain functions of the internal audit that complement the external auditor's role. As the external auditor plans for an effective audit they need to assess and determine whether to include the scope, procedures and outcomes of the internal audit. The CEO must refer all internal audit reports to the Audit Committee for consideration.
- 7.5. An internal auditor's activities should typically include the following:
  - a. review of the internal control structure, monitoring the operations of the information system and internal controls and providing recommendations for improvements
  - b. a risk assessment with the intention of minimising exposure to all forms of risk on the local government;
  - c. examination of financial and operating information that includes detailed testing of transactions, balances and procedures;
  - d. a review of the efficiency and effectiveness of operations and services including non-financial controls of a local government;
  - e. a review of compliance with management policies and directives and any other internal requirements;
  - f. review of the annual Compliance Audit Return, and
  - g. assist in the CEO's biennial reviews of the appropriateness and effectiveness of the local government's systems and procedures in regard to risk management, internal control and legislative compliance.
  - h. specific tasks requested by management.
- 7.6. For local government, the internal auditor should report functionally to the audit committee and administratively to the CEO. It should be remembered that pursuant to section 5.41 of the Act, the CEO is responsible for the day-to-day management of council activities including the direction of staff and implicitly the internal audit function. The CEO may choose to delegate this responsibility provided always that the delegation does not directly or indirectly interfere with the ability of the Internal Auditor to conduct an internal audit function free from interference.

- 7.7. A clear and properly defined reporting relationship ensures that the internal auditor is empowered to perform their role working with management. The direct reporting line to the audit committee also acts as an adequate safeguard in the event of a serious breakdown in internal controls or internal control culture at senior levels in the organisation.
- 7.8. While it is recognised that smaller councils may not be able to justify a full-time internal auditor, a small size of operation does not justify forgoing internal audit altogether. If audit committee or management is of the view that the employment of an independent internal auditor either full-time or part-time is not warranted, it may request the council to have the internal audit function undertaken as necessary by an external contractor, or expand the role of its external auditor.
- 7.9. The external auditor or his or her professional company should only undertake internal audit functions that complement the external audit and do not cloud the objectivity and independence of the external audit. An external auditor must not audit information prepared by them or their accounting practice, as this is considered incompatible with the standard of independence.
- 7.10. Local governments that do not establish an internal audit process but require a review of the financial management systems and procedures, may decide to use the services of the external auditor for that purpose. Such reviews are to be undertaken every four years in accordance with regulation 5(2)(c) of the *Local Government (Financial Management) Regulations 1996*.
- 7.11. The review of financial management systems and procedures provides the external auditor with greater assurance of systems and procedures used to prepare the annual financial statements, and whether they provide information free of material misstatement.
