Mayor  
 City of Greater Geraldton  
 PO Box 101  
 Geraldton WA 6530

We, the undersigned residents/electors of the City of Greater Geraldton, request the City of Greater Geraldton to undertake the following action:

Reintroduce, investigate and improve verge-side bulk waste options, including verge collections, half-city rotations, landfill vouchers, valet-style services for vulnerable residents, in-house delivery, user-pays options, pensioner support schemes, and a 12-month hybrid pilot program.

For the following reasons:

- Verge-side collection and flexible disposal options reduce illegal dumping and environmental harm.
- Supports elderly residents, pensioners, renters, and people without access to trailers or transport.
- Helps maintain clean and safe neighbourhoods.
- Increases the likelihood of recycling due to structured, accessible disposal and sorting systems.
- Aligns Geraldton with comparable WA councils that already provide similar services.
- Provides fair, flexible and equitable waste-disposal choices for all ratepayers.
