5. **Matters for Discussion**

- Function to be organised for all successful recipients for presentation of funding.
- It has been noted that the marketing costs of some of the programs / events are quite high. Chris Budhan is to discuss with Michele McGinty the possibility of City Officers assisting some organisations with their marketing.
- Grant Guidelines are to be updated to reflect that charity events with the sole purpose to raise funds for distribution back into the community are ineligible for both Recurrent and Community Grants.
- Grant Guidelines are to be updated to reflect that Letters of Support are to be a pre-requisite for any application where the project / event is to be of benefit to a specific organisation for both Recurrent and Community Grants.
- Notes that go out with the Recurrent and Community Grant Applications are to include that no Letters of Supports from any City of Greater Geraldton employee or Councillor will be eligible for inclusion.
- Due to the upcoming election, Round 13 of the Community Grants will be brought forward a month, meaning applications will close in August and the Committee will meet in September for review.
- As Rob Jefferies declined to take on the vacant position left by Bill Headley, and as the current Committee can only act until October, it was decided that the prior to Round 13 of the Community Grants, Brooke Rafferty would make contact with Rob to see if he would like to sit on the Committee for the upcoming Round, and if he declines request that he nominates someone from the Mid West Chamber of Commerce & Industry Board to represent at this time and then call for a nomination for the newly formed Committee. It was noted that a female representative on the Committee would be desired.
