Petition

We are Fighting for a Jetty for Geraldton

We, the Jetty for Geraldton community group, believe in the beauty of our region and the amazing experiences our coastline offers. Many of us love swimming, fishing, boating and enjoying water activities all year round.

We demonstrated our communities support for a jetty when we presented our concept to the City of Greater Geraldton at their Ordinary Meeting of Council Minutes, in February 2022. The council, at this meeting, did not commit the \$200,000 required for the necessary preliminary studies, however it was decided that our funding request was to be reassessed this year.

The purpose of this petition is to highlight the community's desire once again for the jetty project and to urge councillors to commit the \$200,000 in their new budget.

The Jetty for Geraldton community group, with over 7,400 followers, foresees this jetty as a way to boost local businesses, serve both visitors and residents and become a popular tourist attraction.

The proposed location for the jetty, Midalia Beach, is in an already developed area with public parking, toilets, and a playground. This makes it accessible and convenient for everyone.

Please sign our petition and show the City of Greater Geraldton your support for this important project. Also visit our Facebook page – **Jetty for Geraldton** to join our campaign.

Thank you for standing with us and believing in the future of Geraldton and the Mid West. Together, let's get this done!
