

Mr Ross Mckim,  
Chief Executive Officer,  
City of Greater Geraldton.

# NON - COMPLIANT

Sea swimming is gaining in popularity in Champion Bay. Befitting amities would encourage more people into the water benefiting the health of the community.

There are currently no facilities for swimmers to safely leave their belongings or to change in comfort.

Swimmers are regularly verbally abused by 'cube' toilet users for utilizing them as a changing room.

Per capita of beach and coffee shop frequenters at Champion Bay, the current facilities are grossly inadequate.

Could the council please consider:-

- Building a male and female changing room, hot showers and better toilets facilities at the site of the current cube toilets.
- Installing free lockers, small for wallet and keys and or large for kit bags.

We'd like to thank you for your time and attention to this issue.
