

HOCKEY

The construction of clubrooms/change rooms at the hockey grounds has previously been successful in obtaining both external funding and (then) City of Geraldton Greenough contribution to proceed. This work was completed in 2010/2011. This will complete all major facility upgrades to this sporting group for the foreseeable future.

An additional issue has arisen after the end of the Sporting Futures consultative period relating to the apparent need to replace the existing artificial turf as it has failed.

The artificial turf was originally installed under 10 years ago with CSRFF grant funds. (Actually completed in 1998, 14 seasons of hockey).

The general conditions of such funding are that user groups are required to set aside sufficient funds to cover the replacement of the asset at the end of its life. It appears that in the case of Hockey this has not been achieved or met.

Replacement of Synthetic Turf

| | |
|--|-----------|
| 2013/2014 Stadium 2 | \$390 000 |
| CSRFF Grant / C of GG Grant/ C off GG Self Supporting Loan | |
| 2019/2020 Stadium 1 | \$240 000 |
| CSRFF Grant/ C of GG Grant/ GHA | |
| 2025 Stadium 2 | \$240 000 |
| GHA | |
| 2030 Stadium 1 | \$350 000 |
| GHA | |

Stadium 1 Grandstand Seating and Technical Bench

2013 Required for Geraldton to host the 2013 National Country Championships
