CARRIED

4. Action Log

The Committee reviewed tabled Action Log and agreed with progress made on completed items and the actions outstanding for those ongoing. No additional actions arising from the Action Log.

5. Agenda Items

5.1. Update on GRAG Garden Development – Trudi Cornish

Trudi Cornish provided update and highlights were as follows:

- Opening will be Sunday, 2 October 2022 which will tie in with the close of Big Sky;
- Time capsule is being interred prior to the Opening, additional items were successfully included to commemorate Queen Elizabeth II's death;
- Project is complete with the exception of finishing off the back door, minor painting and tidy up;
- Fencing will remain in place to ensure the site is not compromised prior to opening;
- The planting is established and healthy;
- Park benches will be installed post opening; and
- No issues were noted during construction, though there were delays due to material availability.

5.2. City Led-Procurement of Public Art / Gallery Mural (AF/TC)

Annalise Fosbery submitted the following items for Committee consideration:

1. Committee to consider a budget value for the acquisition of Public Art within the scope of the Public Art Strategy; and
2. Committee to consider a mural for the carpark GRAG wall be identified as a priority opportunity for the next Public Artwork and the GRAAC recommend and commence development of a brief for this artwork.

The Committee discussed budgeting and determined that the request for the mural and the acquisition of Public Art was valid; such recommendations to Council are the responsibility of the Committee.

It was recommended that the Committee also consider an on-going annual application for Public Artworks for the 2023/2024 budget. Annual allocations to be based on community engagement and feedback. Concerns were raised over whether extra money is required for the maintenance of high profile pieces such as a future GRAG mural – it was noted that some artwork maintenance can be costly due to safety requirements (working at heights, scaffolding etc). It was suggested that a percentage be identified of all public art and funds be put aside specific to the value of the entire Public Art collection (similar to how roads are budgeted). Officers confirmed to the Committee that there is already budget item for maintenance and that this should be tabled for further discussion at a meeting closer to the budget. The Committee discussed that Local government is improving whole life cost practices, and that as part of all EOI's maintenance is built into the initial cost. Officers confirmed that a Public Art register has already been built in Word and Excel.

It was also noted that City officers are playing catch up with maintenance on public art after many years of no maintenance being carried out.

ACTIONS:

1. Officers to continue to investigate options for a future mural on the rear wall of the GRAG as a priority action;
2. Committee to recommend to Council an annual budget for public art maintenance and procurement be considered as budget items in the next financial year; and
3. Officers to continue managing the public art registry/budget and determine values and new themes annually.

The matter of forming a separate Public Art and Gallery Art Committees was raised, but it was determined that this issue be discussed separately and itemised for a future meeting. Concerns regarding the additional work required for two separate Committees or two separate meetings of one Committee. The benefits of separate Committees was highlighted as being necessary because the needs of Public Art differ considerably to the needs of Gallery Art.

5.3. Annual Activities Report, 2021-2022 (TC)

The Committee reviewed tabled Annual Activities Report, 2021-2022 and discussed the achievements of the year past. No actions arising from the Annual Activity Report.

5.4. Geraldton Regional Art Gallery Strategic Plan 2023-2026 (TC)**Trudi Cornish provided urgent updates as follows:**

- 22/23 GRAG Strategic Plan has been submitted and included extensive summary of the last 12 months achievements;
- Funding opportunities have been opened by the State Government and close 20 October 2022 – this has been flagged as urgent with the Committee as the 2023-2026 GRAG Strategic Plan must accompany any application;
- Suggestions/inclusions will include community trends and feedback; and
- The current 25 page GRAG Strategic Plan also has to be reduced to 20 pages in order to be accepted for funding submissions.

The Committee agreed that the draft GRAG Strategic Plan be drafted by officers as soon as possible and that an annual review of the plan be included to ensure that community feedback is able to be implemented into the plan each year instead of only at the completion of the current plan in 2026. The first review of the GRAG Strategic Plan is to be conducted by the Committee in March 2023.

Rachael Vieraitis arrived at the meeting 10:51am**ACTION:**

1. Officers to finalise the drafted 2023-2026 GRAG Strategic Plan and circulate to the Committee for submission with funding applications prior to 20 October 2022.

6. General Business**6.1. Report from Coordinator Gallery and Public Art (MB)****Recommendation:**

The Committee appreciated the provision of the report prior to meeting particularly in the absence of Coordinator Marina Baker.

See detailed report attached – no actions arising from the report.

6.2. Report from Community and Public Art Officer (RV)**Rachael Vieraitis provided update and highlights were as follows:**

- Mullewa Mural completed and launch ceremony was great;
- Big Sky and Readers – Wilunyu Words of Wisdom competition completed;

- Laneway Festivities sausage sizzle being arranged for winners to unveil their works;
- Sarah Edgers exhibition is underway at the GRAG;
- Emu egg repairs have been completed by Sara Walker; and
- Next to be repaired are the signs which had some spelling mistakes.

6.3. Business arising from previous Minutes (Councillor Michael Reymond)

- Previous request from Greater Geraldton Crime Prevention Advisory Committee (Leonie Taylor): GRAAC has resolved to receive the proposal from Leonie Taylor if presented though it was raised that seal sculptures would be more attractive than the proposed crayfish sculptures
- A Community representative on the Committee raised a question with regard to a public enquiry they had received. The enquirer asked if the recent two minute silence called as part of the Welcome to Country at a recent GRAG Opening Night was common practice. Feedback received was that the silence made the event uncomfortable. The Committee discussed that the content and format of a Welcome to Country is unique to the individual Elder. The feedback is noted for consideration for future City event planning.

Cr Parker left the meeting 11.02am

7. Date of next meeting

Trudi Cornish will review calendars for an appropriate next meeting date and present options to the Committee – tentatively set as Thursday 1 December 2022, however will be confirmed in consultation with Councillor Cooper.

8. Close

There being no further business the Chair closed the meeting at 11:07am.

4 Action Log

Committee discussed the Action Log noting Items 2, 3, & 7 are tabled for the Agenda later in the meeting and will be discussed at length at this time.

Item 5 - Critter Trail Video Update (TC)

- Hits on Facebook as of 13 June were 2,219, viewed by 916 people with 38 likes and 5 comments
- Traction on the video has been noted with school groups taking interest, such as a recent visit by the Holland Street School.
- School holiday engagement proving successful with a future “clue activity” planned

Committee discussed updating the Chapman Road planter boxes. However, it was confirmed that renewal and expansion of the project will be discussed at the end of the 12 month trial, giving the Committee the opportunity to discuss review/refresh of the artwork at that stage.

Item 8 – Public Art Strategy (MR)

- Public art was flagged as not having enough significance in the community.
- Elevating the importance of public art with a separate committee was raised, noting the Geraldton Regional Art Management Committee had replaced the Public Art Advisory Committee and Geraldton Regional Art Gallery (GRAG) Management Committee in April 2017.
- There was a particular spotlight on GRAG and Public Art being two very different representations of visual arts and separating GRAG and Public Art would demonstrate their individual importance, noting the skills cross-over is still a valid consideration.
- Councillor Reymond noted that Public Art is often what is noticed or remembered about a city.
- Particular mention made of the approved Critter Trail, Mullewa Mural, bus shelters, bollards, Marine Terrace banners and calendars that have been completed in 2021/22.
- The Public Art Strategy is due for review in 2025

Item 9 – GRAG mural on rear Wall (TC)

It was confirmed to the Committee that the GRAG Garden Concept Plan was distributed in March. Funding for a mural on the rear of the GRAG is not in the current garden redevelopment budget. Grants will be sought locally in hopes of this project proceeding through other means of funding.

Item 10 – Future Public Art Budget (FN)

In response to the requested information on the operational budget, the segment of the City document “Range and level of services – Community Voice Project” was tabled, highlighting a snapshot of services – see attachment. Advice was sought internally regarding sharing operational budgets which was determined not to be appropriate. However, it was hoped that the information tabled would provide a sufficient snapshot. Some of the reasoning for this was due to items containing employee sensitive and personal information. General questions on the budget can be raised however specific lines of budget are not appropriate for sharing publicly. Questions surrounding the specific costs of installs and projects are appropriate, noting that often art items are donated. Comment was made that public art is fragile and requires enthusiasm and attention.

It was confirmed to the Committee that there is an annual budget for public art repairs and small projects/activities which needs to be equally spread across the City. Cr Reymond advised that he feels it's the committees' responsibility to keep the feeling of public art alive.

Councillor: _____

It was queried whether there is currently an acquisitions budget for GRAG, to which it was confirmed that at present there is not budget line specifically and that acquisitions take place via the Mid West Art Prize and donations.

Mark Lennard explained that it's quite important for the Committee to understand that without a budget then there is no ability to curate the GRAG collection; the collection becomes very mixed and without strategy, the Norman Lindsay works were referenced and Mark Lennard advised that if the GRAG was to continue collecting intelligently then a budget is important.

It was agreed that there is clear demonstration that there is a need for both Public Art and GRAG budget items. Whilst it was wholly understood by the Committee that there is community interest in the Public & GRAG art spaces, concern was raised surrounding those in the community with financial constraints already and with increases to living expenses the intention for art from those already struggling in the community would not be there. Alternate community interests such as sports were also raised as being alternative priorities and that all of these items need to be considered when approaching the budget.

5 Agenda Items

5.1 Update on GRAG Garden Development (TC)

Progress report since previous meeting was provided by Trudi Cornish:

- Specific plantings as suggested by UDLA Consultants and Yamaji Art were followed up by Denielle Riley from the City of Greater Geraldton who sought advice from Aboriginal community representatives Derek Councillor and Donna Ronan
- Dual naming of plants has been discussed
- Plantings appear small however should thrive in their locations
- There have been delays to the Garden Project. However, should be set for completion by August 2022
- The suggestion by Annalise Fosbery of having children artworks contributed to the time capsule is proceeding, with children expected to attend and complete handprints for inclusion
- *Geraldton Guardian* article (14 June 2022) was tabled for review by Committee, which detailed the reasons behind some of the delays

5.2 Review of Geraldton Regional Art Gallery Strategic Plan 2021-2022 (TC)

At the 16 March 2022 GRAAC meeting it was decided that the Committee would take the same approach as the Heritage Strategy whereby Committee members were given the opportunity to review and submit feedback for today's meeting. Feedback requests were sent in March 2022 with a return date of 20 April 2022 – Susan Smith & Annalise Fosbery provided responses.

It was advised that the Department of Local Government, Sport and Cultural Industries (DLGSC) would want the Strategic Plan reviewed by August 2022 and must be ready for submission by 1 September 2022. Funding of \$170k from the DLGSC has been made available for 2022/23 and a requirement of this is the submission of the 2022/23 Strategic Plan. The plan is an operational document. Trudi Cornish expressed the urgency on feedback being received to ensure that the strategy is received by the City Executive Management Team and then potentially Council – which can have up to 6-8 week turn around.

Highlighted feedback received:

- Concerns over collection being unvalued: now confirmed as having been valued in 2019 (as per TRIM report) - valuations are ordinarily 5-6 years, therefore we are still within timeframe.
- The document was praised as being appropriate however it was suggested that there was a need to build the accountability of the document for example, the document denotes goals however without a measure there is no way to cite progress towards reaching those goals. Comment corrected by TC in that each goal in the 2021/22 Strategy clearly states at least 10-12 performance measures.
- Annalise Fosbery provided the following suggestions of measures on the strategy goals:
 - Goal 2 – measure feet through door and hits on the catalogue. Susan Smith noted that number of visitor numbers is already a performance measure under Goal 2.
 - Goal 3 – measure the days on display
- Events and activities – is there an opportunity to have a piece on display at all times with a biography, providing cultural and intellectual input from GRAG.
- In visiting other towns – showing relevance of older pieces is important and relevant to discussing displaying the importance of these pieces

- Protect and preserve – forgetting the message is a greater risk rather than just the protection of the physical.

Query was raised as to why the due date was for the 21/22 financial year, Trudi Cornish explained that this strategy had related to the funding for that particular financial year.

The City will be offered the opportunity by the DLGSC to apply for a 3 year grant funding round in 2023, from 2023/24 to 2025/2026.

In order to complete the review for 22/23 on time it was suggested that there be just the glossary, administrative and appearance changes to the plan with a look to overhaul goals and full content for the 2023-2026 funding opportunity.

The following suggestions were highlighted for the 2022-2023 review:

- Page 5 – DRAFT strategy (administrative change required)
- Under goals – highlight key words through bolding eg; contributed and conserve
- Include item number with date of acquisition where presented in the Strategic Plan

The following suggestions were highlighted for the 2023-2026 review:

- Capturing the cultural importance of our mission and vision also needs to be a clear focus
- Highlighting how we manage and monitor success
- Annalise Fosbery compared Harvey Bay & Ballarat Strategic Plans to Geraldton and found that Harvey Bay was very systematic and administratively focused whereas Ballarat was very audience based. It was recommended that language be adjusted to be audience focused while maintaining goals but changing the words from operational to experiential.
- Mark Lennard supported Annalise's sentiments, additionally suggesting that the document needs a clear strategy on Geraldton and the GRAG being a centre of artistic excellence, as per the Committee's Terms of Reference.
- Trudi Cornish reminded the Committee that the document must closely respond to the stated objectives of the funding body in order for the grant opportunity to be successful. TC noted that in years past an additional separate plan was authored by the City (Creative Community Plan, 2013) which served as an umbrella plan for all cultural pursuits in the CGG.
- Fiona Norling agreed with Trudi Cornish in that the Strategic Plan is a template of requirement and while Mark's advice is valued it may be more prudent that we have a separate Art Strategy to encompass all sentiments.

It was raised with the Committee that at each meeting members need to take the opportunity to review the Strategic Plan so that ideas continually find their way into the long term 2023-2026 strategy review.

Councillor Critch left the meeting at 11:16am

The reviewed GRAG Strategic Plan is to be circulated to the group in the next 3-4 weeks, with the aim for this then to go firstly to EMT, with the possibility of being considered for the July or August Council Meeting Agenda, in order to stay in front of 1 September 2022 due date. Changes will be **highlighted** in the document to allow for the Committee to review the changes quickly. Please provide feedback quickly to assist Trudi Cornish in collating an item for the Executive Management Team and potentially Council.

5.3 Terms of Reference (MR)

Trudi Cornish reaffirmed that the Committee was advised that the Terms of Reference (TOR) were determined by GRAAC elected members in December 2021, then endorsed at the Council Meeting in February 2022, prior to the Community Representatives attending their first meeting in March 2022.

The Committee was advised that where a review of the TOR is requested by an advisory committee, this item must be brought forward at Council. The current Terms of Reference were recommended and endorsed so as to be in line with the current Strategic Plan. It was additionally advised that given that membership of the GRAAC will expire on 21 October 2023, and that a review of the TOR should take place at this time.

Susan Smith left the meeting at 11:32am.

6 General Business

6.1 Report from Coordinator Gallery and Public Art (MB)

Trudi Cornish presented tabled document “Co-ordinator Gallery and Public Art Report” and spoke to same in Marina Baker’s absence – see detailed report attached.

Highlights from the report:

- Focus 2022 Geraldton Camera Club People’s Choice winner this year was Serena Schewtschenko with her photo ‘Incoming’.
- As a component of her exhibition, artist Helen Clarke gave an Artist’s Talk and joined local printmaker Lizzie Robinson in running a workshop. Special thanks to GRAG Arts Administration trainee Erin Cleghorn for her assistance in preparation for the event.
- Artist Panel Discussion lead by Marina Baker, gained a crowd of 20 participants.

6.2 Report from Community and Public Art Officer (RV)

Rachael Vieraitis presented tabled document “Community and Public Art Report” and spoke to same – see detailed report attached.

Highlights from the report:

- Mullewa Mural by artists Helen Ansell, Charmaine Green, Pauline Bell, Debra Maher and Susan Merry in final stages of preparation for painting
- Post Office Lane Lightbox gallery – “River Ocean Sky” by Nicole Dickerson currently on display
- Bus shelters are completed – 8 works selected
- Welcome Wall mural in Marine Terrace has been repaired with grouting and missing tiles replaced by local artist Sara Walker. Now awaiting positioning of additional artwork by Nicole Dickerson to cover unsightly utility box placed in recent years in front of mural.
- In consultation with Yamaji Art, repairs to Ilgarjiri (Emu Eggs Sculpture) is progressing, with work being undertaken by Sara Walker. Also requires sand replenishment.
- City Status Sculpture, Queens Park - fountain pump has been repaired and cleaned – discussion with artist David Jones on rust damage is underway
- Federation Park mural by Wonthella Progress Association and Phil Doncon has been installed after initially being approved in 2020

Query was raised with the Committee surrounding whether a map of public art was available. It was confirmed that a fold out brochure was previously created but is now outdated.

Trudi Cornish advised that the current focus was on the survey, repair and maintenance of the City’s public art collection, which is well underway. However, it is envisaged that an art trail could potentially be developed during the 2022-23 financial year and that an electronic draft had already been created.

6.3 Other General Business

Community Representative Leonie Taylor of the Greater Geraldton Crime Prevention Committee brought to their meeting on 15 June 2022 a public art project which may be referred to the GRAAC for review. That was to use the subject of crayfish as a project topic for a Public Art Project for youth engagement. The Committee discussed that while the Northampton sheep (Ewe Turn exhibition) and the Cowaramup Cows have certainly proved popular installs in other regions, this project does need to be considered financially among other aspects.

ACTION: An Agenda Item for this Public Art Project is to be prepared and delivered by Leonie Taylor if/when it is referred to the GRAAC Committee.

Bike rack art was also discussed as a possible future community project, with those in London provided as an example. Bike rack art has been progressed by the City in previous years eg. outside Salt Dish. On discussion, the Committee confirmed that Council has to allocate a carpark for such pieces and whilst a good idea, there is a range of Australian Standards that need to be met for same.

Subject: GRAAC 15th September Apology but with some items for consideration too.

Hello Trudi,

I be an apology for the next GRAAC meeting on Thursday 15th September. Our playgroup art project will be finishing on that day and I'm coordinating an exhibition of the work of 50 under 5 year olds at Rocks Laneway on the morning of Saturday 17th! Absolutely crazy, I know!

I will consider any agenda items and if I have any comments I'll let you know. I don't know if it is appropriate to raise the following items on the Agenda in my absence though, but time gets away from us if we don't make moves now.

1. I'd really like to know if there'll be a public opening of the new GRAG park, and will there be a public internment of the time capsule as I believe a lot of the children and families involved in the Wave to The Future activity would be interested to attend if its at an appropriate day and time (holiday opportunity?)
2. Following from the last meeting; *I'd like to propose a motion for GRAAC to recommend a budget be allocated by the City for Acquisition of Public Art within the scope of the Public Art Strategy, "City-Led Procurement" Pg 15.* However I recognise that we would need to recommend a value. Who do we approach for advice as to an appropriate value for a public art project?
3. Can be the same agenda item as above, or a separate item, I'm happy to defer to the Secretary or chair person to manage the discussion arising. I would like to suggest that the South-facing Wall of the GRAG (into the Car Park) be identified as a priority opportunity for the next Public Artwork and that we (GRAAC) recommend to commence development of a brief. Or we use our abilities as GRAAC to "get the ball rolling" on the project. My comment: *I believe this site presents an opportunity to connect with the future of Geraldton as the built form represents a significant connection with the history of Geraldton. I think emerging local artist should be encouraged to contribute to the work. It may be a collaboration between a local emerging and an established artist (local, state or even nationally based) as this has the potential to grow local capacity.*

Feel welcome to email or call me if you wish to discuss (or explain) anything. Although phonecalls can be tricky to manage with the girls at the moment.

On another note though, I had a zoom meet with two very very inspirational women that were involved in the final Art in Bloom and they have shared some valuable information with me about their experience and even some materials!

September is far too busy for me, but I'd be very happy to meet with you in October, and Marina if appropriate to share what I've learned. Although I don't feel that I've really been able to consider how to use their information and move forward, I've had my mind in a few other hats recently! I think it is still too early to raise Art in Bloom as an item for GRAAC, perhaps at the next meeting.

Kind regards
Annalise

ANNUAL ACTIVITIES REPORT, 2021-2022

PART I – EXHIBITIONS AND PROGRAMMING

Overview for Reporting Period:

In 2021-22 the Geraldton Regional Art Gallery offered a diversity of exhibitions, workshops and community access programming. With COVID restrictions alerting all to the challenges of closed state borders and interstate travel, GRAG looked to its' Midwest community and state-based exhibitions to provide opportunities for inclusion and professional development amongst local arts and crafting groups and individuals.

In the reporting period the gallery and public art team mounted 18 exhibitions (12 local, 6 travelling). *The Lester Prize 2020* toured to Geraldton from Collie Art Gallery, its' first foray into regional WA, with live portraiture workshops and People's Choice voting. Following this the AOTM-toured exhibition *'Playing The Man'* was paired with a curatorial project *'Now You See Me. Women Artists in the CGG Collection'*, with emerging local curator Ingrid Horn mentored over 6 months by the GRAG Coordinator and a small informative catalogue produced. It provided a timely review of gender-based collection policy and arts practice.

Statewide initiative *IOTA 21 – Indian Ocean Craft Triennial Australia* - provided a framework for project development and outreach this year. The gallery initiated the *BLUE* exhibition in response to the stated triennial themes, building in workshops by visiting artists and crafters, and supporting the conceptual and practical development of craft as art. One hundred local participants exhibited, with a unique installation *'tharlbarra birli barna'* by Yamaji Art which revived traditional crafting practices. The Chapman Road Activation Project saw the introduction of the *Critter Trail*. Substantial refurbishment of the grounds external to the Art Gallery building commenced in March to be completed by September 2022.

The *Mid West Art Prize*, a biennial award with 4 prizes backed by the CGG and a range of corporate sponsors (Prize pool - \$26,500) was held in late 2021. A series of judging panels ensured the best of WA's contemporary artists were on show with a major street party and opening event to launch the exhibition. With the street closure activating a new, outdoor entertainment area around the gallery, People's Choice voting and the availability of all artworks for sale inviting inclusion, this significant Award celebrated a decade as a significant showcase for WA, Midwest and regional artists, with the active involvement of their vibrant community.

Snapshot:

- Team of 4 (1 full time, 3 part time) staff and casual staff delivered 18 exhibitions and 53 workshops/events/other sessions in 12 months
- Total door count during reporting period was **32,342** (includes foot-traffic to Visitor Centre Desk and Gallery Retail Shop)
- Opening hours: Tues-Fri 9am-4pm; Sat, Sun, Mon and Public Holidays (except Christmas, Boxing and New Year's Day 9.30am-1.30pm)

Engagement in public programmes are meaningful as indicated by feedback		<p>Example 1 - Community Feedback - I would just like to thank you all for everything that you did to bring Cathy Moon to Geraldton. I don't know if you have community feedback yet. It was a fantastic workshop. There was a creative vibe and urge to know, experiment and play that was refreshing. Cathy delivered a great workshop with lots of information. I know there is a desire within the group to work with indigo further. I think there is art hunger for this kind of skills and professional development within our Community. So thank you all for the work you do and the underlying passion that drives your ability to make things happen.</p> <p>Example 2 - Gallery Visitors' Book - "Definitely worth a visit!", "Fabulous exhibition and gallery", "Best exhibition of Australian artists I've seen."</p>
