AMD expressed their positive findings in the Asset Management and Disposal of Assets Report 2025.

Mayor Clune questioned the high-risk ratings. AMD explained having a centralised register of asset maintenance information is critical to ensure assets are maintained correctly. This register would clearly identify the maintenance requirements and undertaken for each asset.

Deputy Mayor asked what occurs with the maintenance of City's leased buildings and the difficulty in ensuring that maintenance is undertaken by the tenants. CFO explained that a leased property register is in development. CEO explained the difficulty in managing tenant maintenance responsibilities under various leases the City holds. AMD commented the City is not alone in this issue.

AMD gave a special thanks to Officers as this was a difficult audit.

PROPONENT:

The proponent is the City of Greater Geraldton.

BACKGROUND:

In 2021, the current Strategic Internal Audit Plan 2021-2025 was endorsed.

An effective internal audit function is critical to good governance, as it provides an independent, objective, risk-based review of a local governments governance, risk management and control processes which can lead to improved performance.

The role of internal audit, according to the Professional Practices Framework of the Institute of Internal Auditors (IIA) includes providing independent, objective assurance and consulting activity to add value and improve an agency's operations. It assists an agency to accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes.

The independence of the internal audit function is critical to its effectiveness. The IIA defines independence as "the freedom from conditions that threaten the ability of the internal audit activity to carry out internal audit responsibilities in an unbiased manner".

The IIA defines objectivity as "an unbiased mental attitude that allows internal auditors to perform engagements in such a manner that they believe in their work product and that no quality compromises are made. Objectivity requires that internal auditors do not subordinate their judgement on audit matters to others".

Objectivity is generally achieved where there is independence from the day-to-day management of the organisation.

It is recommended that a RFQ be issued using the WALGA Preferred Supplier Arrangement to have a new Strategic Internal Audit Plan developed and delivered.

WALGA has established a Preferred Supplier Panel (PSP004) that includes Compliance and Audit Services (PSP004-002). There are currently 97 active suppliers for this panel. The following are incorporated within the scope of this category:

1. Compliance Audit Services – services that relate to business process and governance;
2. Financial Audit Services (Internal) – evaluate financial reports and financial reporting processes to ensure integrity, probity, accuracy and completeness;
3. IT Audit Services – assurance services may include an assessment of data, databases, networks, servers, hardware, contracts, licensing, and compliance with policies and procedures.
4. Operational Audit Services – business process activity including compliance with standards

5. Risk and Advisory Services – risk management procedures, business process improvements;
6. Forensic Audit Services – may include fraud investigations, fraud prevention, and security risk assessments
7. Fuel Tax Audit Services – review of claims history and preparation of claims.

The proposed scope of the new plan:

1. Financial Management Systems Review (as required by Financial Management Regulation 5)
 - *Local Government (Financial Management) Regulation 5* requires the CEO to undertake Financial Management Systems Review (FMSR) not less than once in every three financial years. ATTACHMENTS:	Yes (x1) Confidential Fraud and Corruption Control Plan Review 2025.

EXECUTIVE SUMMARY:

The purpose of this report is to present to the Audit Committee the Fraud and Corruption Control Plan Review 2025.

EXECUTIVE RECOMMENDATION:

That the Audit Committee by Simple Majority pursuant to Section 7.1C of the Local Government Act 1995 RESOLVES to:

1. RECEIVE the Fraud and Corruption Control Plan Review;
2. ENDORSE the actions taken or proposed to be taken by staff to resolve items identified in the report; and
3. REQUIRE progress updates on implementation of the proposed management actions at the next Audit Committee meeting.

PROONENT:

The proponent is the City of Greater Geraldton.

BACKGROUND:

The Fraud and Corruption Control Plan was reviewed and updated in 2022 and endorsed by the Audit Committee on 13 December 2022 (AC129)

The plan details the City's intended action in implementing and monitoring fraud and corruption prevention, detection and response initiatives. The Plan calls for regular Fraud and Corruption Control Plan Audits.

The Audit Committee determined on 18 February 2025 (AC152) to expand the scope for the internal audit this year to include a "Fraud and Corruption Control Framework, Policy and Procedures Review" in addition to the annual audit required under the Fraud and Corruption Control Plan 2022.

AMD Chartered Accountants (Internal Auditors) undertook the review and audit, with the audit team on site 24 - 27 March 2025. Their report is attached. The primary objective of this review was to evaluate the City's current Fraud and Corruption Control Framework including relevant policies, procedures and reporting requirements and complete a gap analysis against better practice standards.

The review completed indicates the City continues to take a proactive approach in its management of fraud at each element as identified by *Australia Standard AS 8001-2021: Fraud and Corruption Control* including:

- Foundation;
- Presentation;
- Detection; and
- Response

The report highlights any identified proposed areas of improvement in the City's current Framework including the gap analysis completed against best practice. These suggestions for improvements are made to assist with implementation and communication of the FCCP and embedding fraud risk management into the City's culture.

Findings and recommendations are categorised:

- Foundation for, Preventing, Detecting and Responding to Fraud and Corruption
- Fraud and Corruption Control Plan Gap Analysis
- Fraud Control Policy Review

COMMUNITY, ECONOMY, ENVIRONMENT AND LEADERSHIP ISSUES:

Community:

There are no adverse community impacts. Undertaking this audit ensures that we are accountable for our actions to the community.

Economy:

There are no adverse economic impacts.

Environment:

There are no adverse environmental impacts.

Leadership:

This review of the Fraud and Corruption Control Framework is core to good governance and establishes an effective structure to address fraud and misconduct risks and to detect and respond to fraud and corruption in accordance with the best practice guidelines as defined in Australian Standard AS8001-2021 Fraud and Corruption Standards.

AMD confirmed the scope as a review of the Fraud and Corruption framework as opposed to just an audit under the Fraud and Corruption Control Plan. AMD found that the City's Fraud and Corruption framework is very comprehensive and is of a best practice standard. It is evident there is a high level of awareness within the organisation. Overall, the City of Greater Geraldton has a very robust system in place.

Cr Librizzi questioned whether Council Members will be included in the scope of the Fraud and Corruption Plan. Director CS confirmed this is included in the audit report recommendations.
