### 2.0 RURAL RESIDENTIAL ZONE OBJECTIVES

- a) provide opportunities for a range of limited rural and related ancillary pursuits where those activities will be consistent with the amenity of the locality and the conservation and landscape attributes of the land.
- b) set aside areas for the retention of vegetation and landform or other features which distinguish the land.
- c) improve environmental and biodiversity outcomes through appropriate subdivision design, development control and the protection and enhancement of remnant vegetation.

### 3.0 SITE AND DEVELOPMENT REQUIREMENTS

Minimum lot size	Ranging in size from 1 to 4 hectares or as guided by an approved structure plan
Minimum setback Primary street	20 metres
Minimum setback Secondary street / side boundary	10 metres
Minimum setback Rear boundary / other	10 metres
Maximum plot ratio	0.1
Maximum building height	As per R-Codes for residential development
Minimum landscaping	Variable

- 3.1 Variations of up to 10% to the minimum lot size may be supported by the local government where it can be demonstrated that the subdivision will achieve a positive biodiversity conservation outcome or facilitate the orderly and proper planning of roads and infrastructure.
- 3.2 Stocking rates shall not exceed Department of Agriculture and Food standards.
- 3.3 Residential development shall be connected to a reticulated water service.
- 3.4 At subdivision stage, a local development plan shall be prepared and approved for each lot. A local development plan shall specifically address the following, which may require implementation at the subdivision stage:
  - a) identification of building envelopes and/or building exclusion areas;
  - b) vegetation to provide for the visual screening of development;
  - c) re-vegetation requirements; and
  - d) bushfire management requirements.
- 3.5 At development stage, and subject to completion of a local development, the local government may apply a condition of development approval requiring revegetation in accordance with the approved local development plan.
- 3.6 No clearing or destruction of any remnant native vegetation or re-vegetation shall be permitted except for:
  - a) clearing to comply with the requirements of the *Bush Fires Act 1954*, the local government's Bush Fire Notice and/or any fire management plan endorsed by the local government;
  - b) clearing as may reasonably be required to accommodate an approved building and curtilage, or vehicular access to an approved building or other land use approved by the local government;
  - c) clearing as may be allowed under the Department of Environment Regulation Land Clearing Regulations; and/or
  - d) trees that are assessed to be dead, diseased or dangerous.
- 3.7 Development shall not result in any net export of nutrients from the land to any wetland, water course or underground aquifer.
- 3.8 No development or land use activity shall impede in any way the natural water flow along any creek line or water/drainage course.

#### 4.0 ZONING TABLE

The symbols used in zoning table have the following meanings:

- P** means that the use is permitted if it complies with any relevant development standards and requirements of the Scheme.
- I** means that the use is permitted if it is consequent on, or naturally attaching, appertaining or relating to the predominant use of the land and it complies with any relevant development standards and requirements of the Scheme.
- D** means that the use is not permitted unless the local government has exercised its discretion by granting development approval.
- A** means that the use is not permitted unless the local government has exercised its discretion by granting development approval after giving notice in accordance with the Scheme.
- X** means that the use is not permitted by the Scheme.
